Disclosure:

The State of Jefferson Formation is a grassroots effort to restore representation to the rural counties of Northern California. This movement is NOT affiliated with any political party. Over the last four years, presentations explaining the reasons for Jefferson have been given to all political parties, as well as men and women's service organization, chambers of commerce, county taxpayers associations, county and city government meetings, high school government classes, and town hall meetings for the general public, throughout Northern California. The State of Jefferson welcomes everyone.
